

## NATURAL CHURCH DEVELOPMENT Pricing Schedule

Thanks for your interest in Natural Church Development. This powerful tool has helped numerous churches to establish healthy ministry advances in their churches, thus expanding their Kingdom impact.

Natural Church Development (NCD) work at a church falls into three distinct phases. **The Survey Phase** gives the leadership an overview of NCD, and the basic raw scores and materials to understand the survey results. **The Implementation Phase** helps the church take the additional step of implementing changes based

on the NCD results. **The Coaching Phase** provides on-going support for long-term change. All three phases are essential.

### Survey Phase - \$525

- Present an overview of the NCD process to the church leadership team.
- Conduct and score the survey (this includes the cost of the survey license, scoring and analysis of the survey).
- On-site debrief of the survey results and implications with the church leadership team.
- Conduct "Affinity Exercise" with survey participants and leadership to gain additional insight into the NCD minimum factor.
- Travel expenses additional.

### Optional Tools (Recommended)

- Releasing Your Church's Potential – NCD workbook - \$95.00
- In-depth survey analysis (helps to identify specific trends; provided by the NCD Institute in Germany) - \$75.00

### Implementation Phase- \$350

- Facilitate recruitment and training of a Church Health Team who will be responsible for implementing the NCD results.
- Provide a one-evening orientation session and expanded understanding of the church's NCD scores.
- Travel expenses additional.

### Coaching Phase

- On-site coaching - initiated by the church as needed (cost negotiable).
- On-line coaching support (phone, Skype and e-mail) – no charge.
